- Go to WEIGHT CLASS and find their age and weight. (You may have to click VIEW but it might just pull up once you click on the weight.)
- There is a number connected to their match. Ex: 406 – The first number is usually the mat number (mat 4 in this case) and the next two numbers are the bout number (match 6 on that mat).
- Try to make sure they are by their mat a couple bouts ahead, check in at that mat's table when your bout goes up on the stand, and wait for a coach.
